

## **AV Requirements/ Audience Seating/ Lighting/ Staging/**

Marcia is fun and easy to work with. Her only requirements are:

1. Wireless (hands-free) lapel microphone
2. If available – projector with 1 audio channel hook-up to her computer
3. Screen off to the side

### **Seating**

Marcia prefers seating arrangements where she can get up-front and personal with her audience. “Rounds” or “herringbone” seating that permits her to readily interact with audience.

### **Ideal Staging**

In Marcia’s experience, here is what works best for both presenter and audience. Stage – 12X24 with pipe-drape as backdrop, a few stage lights and plants.

### **Bottom-line:**

All Marcia wants is for her audience to be comfortable and hungry to learn because she brings both motivation and content. To deliver the best for your organization, Marcia also requests a minimum of 3-5 top leaders she may speak with so she may address the specific needs of your organization.

We have a pre-program questionnaire that we can email. If you would prefer to have a telephone conversation and have your questions answered in the moment, we would be delighted to speak with you.

To check on Marcia’s availability or to receive additional information including a demonstration DVD and references, please **contact the bureau who sent you to this site**
